

AFFIDAVIT

RESERVING ALL RIGHTS

I, Millicent Y. Black, residing at: 304-B Sioux Trail (1116 W. 7th Street, PMB 72), Columbia, Tennessee 38401 do hereby state that I am at least 18 years of age, that I am a citizen or a legal resident of the United States of America, that I am of sound mind, and that I am the person whose signature follows on this Affidavit. The purpose of this document is (1) to advise Congress as well as state and local officials of organized stalking and electronic and mind manipulation torture being committed against me and (2) to request a state, local, or Congressional investigation and hearing on the use of remotely-operated directed energy attacks and mind control technologies on Americans in this country.

Our Government is responsible for protecting its citizens from elements that covertly harass, torment, murder, and cause victims to commit suicide through organized stalking and remote electronic torture. Yet, unbiased research indicates that certain elements of Government either engage in these activities or protect those who perform them. I seek the complete dismantling of any officially-sanctioned covert Government torture programs, the passage of legislation specifically outlawing that high-tech torture, and the full prosecution of any person, regardless of his rank or position, who has violated my civil rights and my most basic human rights.

The assaults on my mind and body have been occurring for more than 14 year(s) and include, but are not limited to the following (checked below):

- blanketing my dwelling and surroundings with electromagnetic energy.
- invading my thoughts via remote sensing technologies and directing my decision making. (See also **Neurolinguistic Programming** and John Norseen's **Images of the Mind: The Semiotic Alphabet** and U.S News and World Report, Jan 3-10, 2000, *John Norseen, Reading your mind and injecting smart thoughts* by Douglas Pasternak, p. 67)
- making me mentally "hear" others' voices through the microwave hearing effect. (See also U.S. Patent 5,159,703 (Lowery), **MindGuard Psychotronic Mind-Control Protection** by Lyle Zapato, and **Air Force Patents on AM/FM Voice Modulation via Pulsed Microwaves**)
- depriving me of sleep due to neurological intervention. (See **UNITED STATES, CANADA, BRITAIN: PARTNERS IN MIND CONTROL OPERATIONS** By Armen Victorian July 1996 source: <http://www.elfis.net/elfol0/mkconsp/mkuscan.txt>)
- introducing poisonous gas and radiation toxins into my home.
- having me stalked en masse on foot and in vehicles.
- sexual assault from which I cannot get away.
- electronic control of my bodily functions.
- vandalizing my home and/or car.
- tapping my phones and hacking my computer and my brain.
