

Once Again, a Memo to President Trump: Massive Surveillance State Abuses | Treason on the Ground, in the USA: Public-Private Partners in Targeted Killing of Americans | 26 June 2019

Endorsement | Karen Melton-Stewart, NSA Intelligence Analyst, 28 yrs, Retd.

I would like to whole-heartedly recommend this second **Memo to Trump** by Ramola D, as well as [the first \(2017\)](#). It is replete with astonishing but accurate information on the intended high tech destruction and subjugation of not only the American population, but the world...which was a hair away when Trump took office. By the grace of God, it has been delayed by a small number of people in-the-know.

This country, culture, leadership and yes, citizens, have a huge and deep trough of shame to lap up like no one else ever before in history. No one.

As a nation, we have utterly betrayed our country, our founding principles, our humanity, as well as our fellow citizens, and even our families, with active, voluntary participation in the **immoral and illegal vilification, dehumanization, torture, and murder of innocent people falsely portrayed as "threats" by the DHS-FBI-Fusion-Center-et-al matrix of endless, baseless predation to feed the Police State.**

Others have chosen to deal with pleas for help and common decency by pouring buckets of salt into the wounds of the victims by [dismissing, mocking, ignoring, insulting, and withholding basic human compassion \(much less concrete help\) for them based on willful ignorance or rank cowardice.](#)

This memo is a strong, all encompassing wake-up call that is factual and appropriately emotional to correspond to the level of [unimaginable and unjust traumatic hurt and obscene insult done to innocent people](#), who are infinitely better human beings than their avaricious, sociopathic, and mercenary persecutors.

Educate yourselves, swallow the shock, roll up your sleeves and add your talents to the fight, for yourself, for your children, and for the future of humanity...if there is to be one.

Once Again, a Memo to President Trump, and to all Oblivious Readers of the New York Times & Other Lying and Complicit Mainstream Media: Treason on the Ground, in the USA: Public-Private Partners in Targeted Killing of Americans

Massive Surveillance State Abuses Have Permitted Treasonous Assault, Terminal Brain Experimentation, & Murder of Innocent Americans by Domestic & Multi-National Defense/Utility/Service/Telecom Corporations, Intel Agencies (CIA/FBI/DHS), US Military/Navy/Air Force, & Local Govts., with Radiation Assault Weapons & Neuroweapons

As before, this Memo seeks to inform President Trump as well as all those who are truly oblivious about what is going on in today's worldwide surveillance state--being mindwashed by MSM into thinking all is well and those pesky "Targeted Individuals" reporting physical assault with invisible spectrum and sonic weapons are just plain delusional, as the New York Times--famously confessing recently to having their articles vetted not by a qualified editor but by the government--would have you believe.

The root of this evil—although predated by long-standing Mafiosi criminality in our society--seems to begin in this millennium with the excesses of the Patriot/Freedom Act which permit Americans to be wrongfully and glibly named terrorists, extremists, and known or suspected terrorists at the whim of pretty much anyone associated with the fusion centers—**FBI, DHS, NSA, CIA, and**

their paid informants, snitches, and proxies in communities.

The FBI's list of problematic citizens includes Americans interested in the Constitution, and includes human and animal rights activists who speak out against war and against cruelty—this in itself should let everyone know that **absolute Communist mayhem has been unleashed on America**—and rolled into town like a Trojan Horse in broad daylight, unchallenged by an either blackmailed, sleeping, or complicit Congress as part of the nauseously overrated “War on Terror,” apparently the new CFR/CIA/FBI/DHS codeword for “Anything Goes.”

Criminals and Terrorists Are Not Being Watchlisted; Vocal, Civic-Minded, and Active Community Leaders and Patriotic Americans Are

In reality, anyone who speaks out today in their communities, questioning waste, corruption, or crime locally is being watchlisted, terror-listed, and KST-listed (Known or Suspected Terrorist list/FBI).

Please re-read that: **Criminals and terrorists are not being watchlisted; people of integrity and outspokenness are being watchlisted.** Those in fact who exhibit leadership or individuality qualities and take action on problems and voice concern about community issues are being watchlisted.

Nurses, doctors, writers, journalists, activists, artists, engineers, lawyers, architects, schoolteachers, retirees, homemakers are being watchlisted/hit. Elderly retirees, middle-aged parents, young parents, young men and women, veterans of all ages, and children from birth to 24 of targets are being watchlisted/hit.

Dennis Montgomery, NSA whistleblower has mentioned 20 million Americans illegally surveilled; George Webb, investigative journalist has mentioned 1 million; Dr. Robert Duncan, CIA/Defense whistleblower has lately estimated 1.6% of world's population targeted by US Govt, about 73 million. The age range is age 0 to age 90, with a high percentage being in the 30-70 yrs age group, and 60-70% women as per figures from Dr. John Hall, but equally distributed, at 50% men, 50% women, as per long-time activist Paul Baird, who notes that men are

less likely to report to doctors and are often targeted for mental and other takedowns earlier, many may be incarcerated.

These Innocent & Smart, Accomplished American Targets are Being Hit Torturously With Radiation Assault Weapons & Neuroweapons, in Secrecy, via Gov-Sanctioned, Blatantly Inhumane Military/ Intelligence/ Justice Brain Experimentation & Non Lethal Weapons Testing and Training Operations (“Enforced Peace-Keeping”) & Trafficking Into Non-Consensual Medical Sensor/Implant/Disease Testing

Once listed, targets are handed over like cattle into—one presumes, classified Special Access Project, Above Top Secret, because secrecy's certainly involved, FOIA requests yield zilch—Dept. of Defense and clandestine CIA/DIA/DOD/USAF/Navy weapons-testing and neuro-experimentation contracts, by which means further “legal” shenanigans written into treasonous military and CIA directives come into play.

These include such **treasonous documents** as the NDAA which indefinitely detains on US soil any number of hapless innocent Americans as KSTs (Known or Suspected Terrorists), AR 5240.1 which permits military experimentation on surveillees, EO 12333 which permits CIA/DIA “Intelligence” experimentation on surveillees. The latest appropriation of rights/and stamping of Due Process, Bill of Rights & Constitutional and Geneva Convention and Nuremberg rights and liberties into the ground, is **egregious DOD/Intel/Justice Exemptions written into a revision of the Common Rule, to permit DOD/Intel/DOJ to torture at will** and hide this torture “legally” under Exemptions from Informed Consent requirements for research on human subjects, touting “normative” Intelligence/Surveillance/Criminal Justice activities here.

These treasonous exemptions “legally” permit Ethics-less agencies (or so they think) like DARPA, and Army/Navy/USAF Intelligence and DIA/CIA to run clandestine and extreme, no-limits, no-morals, no-ethics, MK Ultra-style neuro-experimentation on healthy American citizens, with full intent—being played out currently--to transform them into brain-invaded, brain-degraded, brain-clonable, bio-robotizable, diagnosed “mentally ill” slaves.

These treasonous and unconscionable Executive Orders and Military Appropriations of Rights also “legally” permit multi-national corporations (or so they think) such as Lockheed Martin and Raytheon and General Dynamics to use the bodies of those millions of Americans now put under surveillance (on false and fabricated grounds) as target practice in Terminal Death-Dealing and Infinitely Assaultive, Health-Damaging, and Life-Assaultive Field Weapons Testing of Directed Energy Weapons in coyly named Directed Energy Bio Behavioral Research contracts. (What are they testing, you may ask: frying someone's skin with microwave weapons and watching how they jump? Much worse, actually.)

Americans are also being trafficked into clandestine medical/behavioral health monitoring programs run through NIH and other agencies, run by Universities and research hospitals, and involving non-consensual implantation, remote tracking, and precision RF assault to induce, accelerate, and study specific diseases and injuries for monitoring.

These Outstanding, Patriotic Americans are Reporting Torture, 24/7 Assault, and Deliberate Stress & Trauma Creation with Remote Bio Hacking and Neuro Hacking Weapons

In actuality, Americans are reporting **intense radiation burns**, second-degree burns on skin causing blisters and lesions, extreme radiation dermatitis, swelling of tissue related to continuous microwave assault, repeated assault with microwaves/milliwaves at burn and blister sites, repeated assault at burn sites even with medical care;

sudden organ and joint damage: brain fog, sudden and instantaneous headaches, migraine, kidney pain, gall bladder and liver pain, pancreatic pain, sudden onset of diabetes, arthritis, bones and joints being damaged instantaneously by focused hammering with pulse shots, lungs being painfully constricted and attacked, nose bleeds, sudden onset of extreme bronchitis, pneumonia, sudden and persisting fibromyalgia and shingles, sudden heart attacks and strokes in fully healthy people, in ages from 20 to 90, and younger;

electronic rape and sexual assault and sexual stimulation, from external EMF signals/which can be shielded from, with some difficulty;

electroshocks, continuous vibrations, and frequent seizures all provoked by external EMF signals/which can be shielded from, with difficulty;

extreme over-heating of skin, face, chest, back in subdural heating as with ultra-thin film technology (bio-MEMs, nanotech sensors) and Pulsed Energy Projectiles (known to be tested by US Navy, as per a declassified contract)

flickering of nerves and muscles, as with military tracking radar;

gassing with chemical weapons being vented into homes and cars;

skin infestations, swellings, fattenings, darkenings, lightenings, filled with strange fibres, black dots, shiny dots as with nanotechnology sprayed at them, in Morgellons infestations, or via Direct Chemical Weapons

covert, non-consensual implantation of RFID microchips, Brain Computer Interface chips, and bio-MEMs as well as nanotechnology/which in many cases have been found to exist in reporting victims' bodies via scientific radiological scanning methods as well as industrial toxicology analysis;

painful RF signals being sent to non-consensual implants, inducing pain in various organs, migraines, organ damage, brain fog;

neuro-assault: synthetic/electronic visual and auditory sensory elements being pumped in via non-consensual Brain Computer Interfaces or some other form of brain invasion such as images, sounds, sensations, dreams, often pornographic, pedosadist, bestial, and abusive in nature, even into children's brains (as reported to this writer);

neuro-abuse: abusive Voice to Skull and Synthetic Telepathy signals, essentially voices using military V2K/microwave hearing/ultrasonic bone conduction and voice-morphing technologies engaging in AI abusive scripts 24/7, encouraging targets to commit suicide, murder, and mayhem, and injecting hopelessness and dejection--*Imagine a voice in your skull telling you night and day you are worthless and should commit suicide!* This is happening--and it's not schizophrenia, it's **US DOD/CIA Bio-Communications Technology**;

neuro-hacking: synthetic emotions of rage, fear, dejection, depression, all manner of extreme emotion being pumped in, via deliberate assault with

specific, known radio frequencies to induce these emotion clusters;

neuro-takeover: remote control of one's motor and sensory cortex, limbs, organs, and entire body using exotic neuro-hacking techniques such as EEG Heterodyning, EEG Cloning, and BCI-CBI interfacing.

death: induced mortality by heart attack, stroke, or repeated assault with radiation weapons productive of fast-moving or slow-moving cancers.

Please note, all physical symptoms above that are being reported here are symptoms understood by reporting victims to be induced by **external EMF signals, usually pulse shots, or EMF signals sent to implants**—in many cases recorded with EMF meters and shielded from (proving they are external signals, not internal health issues.) Shielding is a huge problem since not all kinds of shielding work for all of these assaults; **Americans are struggling to shield themselves.** The neuro-hacking assaults are experienced differently, and reporting victims often report how difficult it is to shield their heads from assaults such as V2K and EEG Cloning and Bio-robotizing. Bio-hacking anti-personnel weapons being used on Americans include it seems exotic scalar technology, hard to shield from, even under layers of passive metal shielding.

Deliberate Stress and Trauma Creation with Illegal FBI/DHS/CIA/DOD COINTELPRO Abuse and Persecution

In addition, these Americans are reporting being subjected to extreme Stress and Trauma Creation COINTELPRO abuse: **high-speed hazardous driving** around them, **non-stop high-level noise harassment** and noise assault around them in neighborhoods with vehicles & landscaping equipment, **non-stop hostility, ridicule, and community member “monitoring” them** with cell-phones and arrival-departure presence from neighbors; **nonstop vehicular and aerial stalking** with ground vehicles, small planes, drones, helicopters; and **nonstop pedestrian stalking and swarming** in public.

All these are stressors, creating situations of high stress and trauma around targets, who at the same time are being hit with radiation/sonic assault weapons and RFID-monitored 24/7, in illegal and abusive CIA/DOD experimentation.

This COINTELPRO is being pulled off by such parties as **FBI-Infragard/National Sheriffs Association community “police,” Neighborhood**

Watch groups trained and unleashed on American communities by **DHS/Fusion Centers**, and **Civilian-Military operations run by Special Ops Forces/Marine Corps/DOD**—and well-hidden under **FBI Community Policing, FBI Countering Violent Extremism, DHS “Home Guard” and Neighborhood Watch, and DOD “Peace-Keeping” initiatives and operations.**

Dr. Robert Duncan, CIA/DOD whistleblower, has stated that Trauma-Based Mind Control experiments—intending Brain mapping, modification, and takeover—are being run non-consensually by the military and CIA/DIA on targets. He has also attested to the veracity of weapons-testing on Americans being run on an ongoing basis by Defense contractors working for DOD/USAF, which this writer can verify, from documents and communications obtained from FOIA requests and ongoing research.

Dr. James Giordano, military neuroscientist, has openly stated that the brains of specially targeted individuals are being studied, in the interests of weaponized neuroscience: [this appears to be an admission of deliberate targeting of outstanding and moral Americans for destruction by unethical military weapons manufacturers whose new terrain is the human brain.](#) (Lecture at Lawrence Livermore Labs, Aug 2017, From Bench to Battlefield: Weaponized Neuroscience: <https://www.youtube.com/watch?v=aUtQbriWt64>)

To summarize: outstanding Americans have been sold or trafficked into **non-consensual DOD/CIA neuro experimentation and DE weapons-testing projects** run by extremely diabolical, unethical, unConstitutional, and positively evil Military and Intelligence agency heads, employees, and contractors, and involving absolutely barbaric, medieval, sadistic 24/7 Physical & Psychological Stress, Trauma, Torture, and Assault **just so their traumatized, vulnerable brains can be mapped, and data downloaded from their brains into Big Data, Supercomputing, and AI Mass Control projects, for the further benefit of these treasonous control freaks.**

Question: When did the USA become the Country of Human Sacrifice of Accomplished Americans for Death-Dealing Devils Playing Mengele in US Military & Intelligence?

Fake Lists, Fake Terrorists, Fake Investigations, Fabricated Records, Lies, Defamation, and Slander Operations, Blacklisting, Sabotage, and the Destruction of American Lives

Strategized NWO/Agenda 21 plans for totalitarian world governance in conjunction with billions of dollars funnelled into Post-9/11 projects within the “War on Terror” paradigm, including the **FBI's Countering Violent Extremism programs**, as well as **Fusion Center Watchlisting for Extrajudicial Surveillance** have spawned a corrupt, profit-centered industry focused on targeting innocent Americans, then corralling communities around them, **training them up in Stasi -style hate crimes against these Americans, and selling these Slow Kill crimes in neighborhoods as Citizen Watch community-policing activities.**

- Very simply, innocent people across America—usually highly educated or highly moral, or both--are being **Fake Watchlisted.**
- People with no ties to or interest in terrorism are being **falsely named Extremists and Terrorists. (Thousands, hundreds of thousands, possibly millions of good honest Americans--as per all reports of FBI watchlisting (from ACLU) and estimates from Military/Intel whistleblowers Montgomery and Duncan.)**
- As per FBI whistleblower Geral Sosbee, corrupt Federal Magistrate Judges under the thrall of the corrupt FBI then produce Court-Authorizations to open false investigations on these people; or the secret FISA court to issue secret FISA warrants and secret National Security Letters are used to inform places of employment and neighborhoods these people are “under investigation.”
- Their neighbors, friends, and family are **contacted and told these outstanding Americans who are now targeted for elimination (exactly as historically in Cambodia, Poland, Soviet Union) are “under investigation,”** – [authorization for which by the way is frequently renewed \(every 90 days, acc. to FBI whistleblower Geral Sosbee\)](#) and never ends, even after a year, 3 years, 10 years into this bogus investigation. People are also told that they (the neighbors) **need to help with the investigation**—most usually by turning a blind eye when the Fusion-Center-approved

contractors zoom nightly and daily into their neighborhoods and make a deadly racket, by letting them park in driveways, and by letting them into their homes and yards so they can track the target better.

- **The good name, character, and reputation of these outstanding Americans is then sullied, slurred, slandered, and reviled by the Fusion Center thugs** – AKA FBI, DHS, State and Local Police – to the neighbors, friends and family, **who are told this person is under investigation for dubious activities**, possible connection with terrorists, pedophilic and pornographic activities, prostitution, alcoholism, drug dealing or consuming, or some other horrifically unsavory activity which would never cross the mind or life of these particularly moral, accomplished, and outstanding targets—but are probably daily-crime in the life of corrupt, Mafiosi FBI who like to project their crimes onto others.
- **Additionally, and most crucially, people are told the target is Mentally Unstable, a Conspiracy Theorist, Obsessive, Bipolar, Schizophrenic, Paranoid, or other such, and therefore “needs to be watched by the neighborhood” and “by the community.”**
- For all of the above lies, **falsified records and decontextualized information is possibly used** to “prove” to neighbors and family that the target is a highly unsavory character who is mentally unstable and cannot be believed, and must be monitored closely.
- Then the target is hit daily and nightly with Directed Energy Weapons, Active-Denial heat systems, and Radio Frequency Brain Transmissions to sleep-deprive her through the night (by way of waking her up several times through the night with wake-frequencies, sound and heat stimuli sent very close--**LRAD and plasma/infrared weapons**--hitting spines, heads, beds, walls, shielding), covertly sharpshot with RFIDs or surgically implanted, and whacked night and day with microwave/milliwave/sonic/scalar weapons and neuroweapons, as described earlier.
- When the target (**character-assassinated as a mentally-unstable extremist**) now mentions this High-Tech Radiation Assault and Battery to anyone in family or neighborhood, **s/he is disbelieved, as intended**, by this DirtBag Operation being run by our amoral and unscrupulous, Satanic, anti-Christian and anti-American “American” Fusion Centers. Further, the

ridiculous COINTELPRO s/he is subjected to—also known as Psy Ops or Military Information Support Operations—with people around him/her dressing like him/her (wearing his/her clothes, his/her colors) and repeating words and phrases from his/her emails, texts, and private conversations, engaging in stupid street theater around him/her, as well as gaslighting, vandalism, break-ins into his/her home to steal or deface small things, is also **intended to obtain for him/her a psychiatric diagnosis of Delusional and Paranoid**, to further discredit him/her.

- **This accomplished, productive, caring, moral American with tremendous potential as a productive community member, ethical leader, and active helper of humanity is now successfully “neutralized”** in his/her own neighborhood and family via Social and Psychological Terrorism; s/he is socially isolated, shunned and ostracized, disbelieved, and looked on with hostility and contempt by the gullible and the indoctrinated neighbors and community-members, **all because corrupt, criminal, avaricious, spineless members of the FBI or DHS or CIA or NSA came by, flashed badges and corrupt court-authorizations obtained under false pretences, and told a bunch of lies** about him/her to take his/her life down.
- These DirtBag Lies go very far: people will not rent to him/her, s/he will not get jobs; s/he cannot find clients. By this means, **s/he is Blacklisted and Sabotaged; his/her life and career abruptly ruined**. This is the doing of the FBI, CIA, DHS—and it is an **Extreme Act of Treason** which should be rewarded with **Life in Jail or the Death Penalty** for all involved.
- Remember also that this person—whose life, career, and character is thus ruined—is, on a continuing, 24/7 basis, being massively assaulted physically, neurologically, and psychologically as well, with Directed Energy Neuroweapons and Psy Ops. This totality of attack on a person's life is **Extreme Abuse, Absolute Barbarism, Intense Sadism, and has no place in any civilized society; there is NO EXCUSE whatsoever that DOD, DARPA, DIA, USAF, Navy, USMC, SOF, NGA, NRO, DHS, FBI, CIA, or Local Police/Fusion Centers can give to Possibly excuse these incredibly ghastly and inhumane 24/7 bitterly**

egregious assaults on Americans, none whatsoever.

- **Please note: These are not exaggerated characterizations: people are being burned alive and boiled alive in their beds, they are being assaulted in their genitals; they are being pulse-shot in heads, electroshocked, heart-attacked, nonstop face-hit and knee-hit, nipple-hit, testicle-hit, vagus-nerve hit, kidney-hit, liver-hit, pancreas-hit, uterus-hit, back-hit, spine-hit, they are being subjected to abusive Voice to Skull verbal abuse; none of this is in any way normal, nor acceptable as legitimate “testing” and “experimentation” of new weapons on anyone in the name of National Security.**

These are Major Crimes Against Humanity, They Are NOT Acceptable Weapons Testing or National Security or Medical Health Experimentation

The excuse of “needing to experiment” or “needing to test weapons” in the interests of National Security, Intelligence, Defense, Military Health, Medical Health holds no water when one considers the sustained savagery and incredible brutality of these assaults on Americans; Americans moreover who are outstanding contributors to our communities; and Americans who have simply casually been rolled into these Death and Destruction programs by incredibly corrupt criminals in the FBI, and maliciously corrupt FBI/DHS “informants” in local institutions to be turned into hapless prey at the amoral hands of exploitative mad-scientist psychopaths in Black Ops agencies who have no business developing and using such egregious Torture weapons on ANYONE.

These Incredibly Inhumane Anti-Personnel “Non Lethal” Directed Energy Weapons and Remote Access Neuroweapons Should Be Banned

Indeed, what this phenomenon really raises is the need to question, address, and publicly reveal the horrific nature of these “anti-personnel” RF/sonic weapons and neuroweapons which are being used on people. Concealing their brutality under military and law-enforcement labels such as “non-lethal” and “less-lethal” and “dual-use technology,” the extreme horror of these weapons is being kept under wraps. **These are weapons which permit the secretive remote access,**

manipulation, modification, degradation, and retardation of human bodies and brains—and this is how they are being used today; they run counter to every single understanding of basic human rights, every treaty and every convention establishing human rights; *they are not merely invasive of neuro, cognitive, and physical privacy, integrity, and sovereignty, they are erasive of these, and they have no business existing in our midst.*

That the US Military and Intelligence establishment has developed such powerfully deadly radiation and sonic weapons and neuroweapons and is using them and testing them on Americans in “Pre-Crime” and “Potential Criminal” lying scenarios and intending to use them in America as “Next Level” methods of “Law Enforcement” as well as “Defense” is a horrific commentary on what amoral depths this establishment has sunk to.

Not merely should these weapons be **banned** here in the US, the US should be setting an example as a human rights leader and working actively to ban them worldwide as well.

In fact, it is very clear to this writer that *those individuals, political leaders, and governments who permit the atrocity in usage of these extreme torture weapons to continue will indeed go down in history as the ultimate barbarians of the human race*—whose reign will be short. The USA has an opportunity to rout out its own Military/Intelligence Treason Faction here, stop the usage of these weapons on Americans and anyone else worldwide, freeze all development, ban usage and further development, and establish itself as a moral, humane, and civilized beacon as the world moves forward in peace and harmony into this new millenium.

Humanity does NOT need secret torture weapons of extreme human manipulation to be used on anyone, including citizens of other countries characterized as “adversaries,” moving forward.

Innate Secrecy of These Spectrum Weapons Permits Governments to Torture Their Own People in Secret: How It's Being Pulled Off in 21st-Century USA

Clearly, these weapons would never have been developed with full public knowledge, disclosure and open debate. The public has been kept in the dark about these weapons because they are **extreme weapons of human**

enslavement.

Joint development of these weapons with the Department of Justice took a nose-dive into Secrecy in 1993 with the newly classified Joint Non-Lethal Weapons Conference in Los Alamos, and later in 1994 with a [Memorandum of Understanding between DOJ and DOD](#) to jointly develop a whole class of non-lethals and anti-personnels for domestic use on Americans by Law Enforcement and flying them under the radar of Press scrutiny by naming them classified.

MEMORANDUM OF UNDERSTANDING
BETWEEN
DEPARTMENT OF DEFENSE
AND
DEPARTMENT OF JUSTICE
ON
OPERATIONS OTHER THAN WAR AND LAW ENFORCEMENT

I. General

A. This Memorandum of Understanding (MOU) sets forth an agreement between the Department of Defense (DoD) and Department of Justice (DOJ) to conduct a program to enhance DoD Operations Other Than War (OOTW) and DOJ and other Law Enforcement (LE) operations through a sharing and joint development, to the extent permitted by law, of technology and systems applicable to both.

B. This MOU stems from recent findings of DoD's Advanced Research Projects Agency (ARPA) and DOJ's National Institute of Justice (NIJ) and Federal Bureau of Investigation (FBI) concerning the application of advanced technology to law enforcement. In general, these findings reflect a growing convergence between the technology required for military operations and the technology required for law enforcement. Moreover, recent technological advances suggest a current ability to enhance the effectiveness of both OOTW and LE missions.

II. Concept

The program objective is to develop and exploit advanced technology and systems that will permit accomplishment of OOTW and LE missions. The agreement establishes a development and application program based on competition among candidate technologies, components, and systems. Testing and objective evaluation will ensure the quality of the competition.

Excerpt/1994 MOU between DOD and DOJ, signed by Janet Reno, Attorney-General and John Deutch, Secretary of Defense

This has established secrecy in use of what DOJ now passes off, poker-faced, as Surveillance Technology. Remember, DOD/USAF/Navy are already using Secrecy for weapons-testing. And DOD/CIA have long been using Secrecy for Neuroweapons development, hubristic Behavior Modification, and Neuro

Modulation.

This “legal” recourse to Secrecy coincides nicely with the innate secrecy offered by invisible radiation and sonic weapons, which operate much as Wifi operates, invisibly.

On the ground what this translates to is:

FULL SPECTRUM DOMINANCE: People are being hit from great distances, remotely and invisibly, from satellites, cell towers, drones, helicopters, planes, ships and boats, ground vehicles like cars, SUVs, trucks.

Closer in, **people are being hit from neighbor's antennas,** cell antennas on utility poles, sheathed antennas on parked cars, covertly-placed microwave emitters in their own homes and neighborhoods, covertly-placed repeaters in neighborhoods, covertly-placed magnetrons on houses.

Paul Batcho, DARPA whistleblower, has stated a band of frequencies has been reserved on cell towers for Military use, which are being used to **hit targets from, on a continuous basis in their communities, in public,** as they are out and about, even driving, or using public transportation. This writer can confirm this scenario, where cell antennas mounted on light poles are being tuned to assault along the entire route the target is on, so that she suffers continuous chest congestion or continuous concussive brain assault as she drives along this route.

Targets' neighborhoods are taken over with Fusion-Center-approved contractors zipping at high speed into neighborhoods and engaging in **constant-tracking and constant-hitting of the target** in either shamelessly exhibitionistic activities of “Surveillance” --in contrived theater for the terrorized neighbors, to establish daily Show-of-Force military/Fusion “legitimacy” of these UnConstitutional activities – or as ongoing weapons-training and testing for new batches of traitorous assassins being trained under weapons-testing contracts—or both.

The ground-vehicle zooming testers/trainers described above are working in tandem with air-crew; **honking car-horns loudly when they fail to track--**(even for a minute) (these are Continuous Clandestine Tracking and Locating (CCTL) operations on absolutely innocent-of-any-crime-whatsoever Americans)--and thereby eliciting immediate action from a small plane, drone, or helicopter, which instantly flies in or seems to descend over the target's house—as if a high-tech

criminal indicted for Columbian drug-cartel operations had momentarily gotten lost between the bathroom and the bedroom—to help with relaying co-ordinates and using penetrative radar to plumb through to non-consensual implants beneath shielding and produce a CCTL tracked-again signal for the programmed AI mastermind which seems to be directing operations.

Note here that the USAF is conducting Directed Energy Bio Behavioral Research with millimeter wave and other RF weapons in lab and field testing operations, via Defense contractors such as General Dynamics, in multiple contracts across USA.

As well: Robert Mueller, former FBI Director, has confirmed to Congress the FBI's drones are in operation in US airspace, over CONUS; 30,000 drones have been named as operational. **Question: Why are FBI drones being used at taxpayer expense on innocent Americans?**

Also, it appears planes may be being kept in constant surveillance mode over major urban targeted areas. In May 2013, news outlets reported a mystery aircraft circling nonstop over Quincy, MA for more than eight hours, and through the night. In June 2015, AP reported the FBI is operating a civilian Air Force (inclusive of Cessnas) and maintaining surveillance over major cities.

FBI too quiet on Quincy planes

By Lawrence Harmon Globe Staff, May 17, 2013, 12:00 a.m.

Quincy resident Jennifer Azevedo-Andre photographed one of the planes. (JENNIFER AZEVEDO-ANDRE)

THE BOSTON office of the FBI clammed up when asked if its agents were at the controls of low-flying aircraft making continuous loops over Quincy and abutting communities during all hours of the day and night in recent weeks. But short of towing a colorful banner declaring “FBI Surveillance Operation” behind the propeller-driven Cessna aircraft, the answer is pretty obvious. Less obvious is why the FBI has so much trouble deciding what information it can share without compromising its investigations.

FBI behind mysterious surveillance aircraft over US cities

By Jack Gillum, Eileen Sullivan and Eric Tucker Associated Press, June 3, 2015, 12:24 p.m.

This small plane flying near Manassas Regional Airport in Manassas, Va., is among a fleet of surveillance aircraft by the FBI. (ANDREW HARNIK/AP)

WASHINGTON — Scores of low-flying planes circling American cities are part of a civilian air force operated by the FBI and obscured behind fictitious companies, The Associated Press has learned.

The AP traced at least 50 aircraft back to the FBI, and identified more than 100 flights in 11 states over a 30-day period since late April, orbiting both major cities and rural areas. At least 115 planes, including 90 Cessna aircraft, were mentioned in a federal budget document from 2009.

The General Dynamics \$49 million contract for DEBR for 7 years with the USAF began in September 2013; this writer, based in Quincy, MA, reporting Surveillance Abuse since November 2013, has since uncovered General Dynamics' connections with the Quincy, MA government (No. 5, Pages 10-12/ <https://everydayconcerned.files.wordpress.com/2018/06/letter-from-ramola-d-to-the-chair-quincy-school-committee1.pdf>) which point to weapons-testing of RF weapons in Quincy, MA, Boston, and surrounding areas. (A detailed report on this investigation s forthcoming at The Everyday Concerned Citizen.)

Ground Crew of Stalkers: Children, teenagers, adults in neighborhoods have been roped in under false pretences via Community Policing and Neighborhood Watch initiatives to stalk, monitor, point cell phones, point portable DEWs—ie. [direct microwave pulse hits at targets with, carry DEWs in backpacks and purses, take photos and video, and generally engage in harassive stalking actions against targets. The Backpack Stalker is now ubiquitous, all over American cities and counties--a try at Plausible Deniability, but noticeable nevertheless.](#)

FUSION HOUSES: Covert and clandestine brain experimentation by the NSA/CIA/DIA as described by whistleblower Dr. Robert Duncan is being facilitated by “fusion houses.” Researchers and weapon-wielders are moved in all around targets, to inhabit houses and apartments as owners and tenants, taking Surveillance contracts to “monitor” neighbor targets nonstop while directing RF/sonic weapons at them for Torture and Trauma Based Mind Control purposes. These are MK Ultra-extended programs focused on Brain Modification and Behavior Modification, and have no business existing or being tested or used on people in a democracy; they are treasonous operations in their assault of citizens.

Local Businesses Involved: Public-private partnerships permit services like UPS, FEDEX, USPS, National Grid, Comcast, X-Finity, Verizon, Capitol Waste, Sunrise Scavenger (trash and recycling), landscaping, home remodelling, tree-cutting, swimming pool cleaning, plumbing, heating, construction, virtually any home service to carry tracking and heating microwave and sonic weapons, sensors, and antennas in their trucks and vans and operate them casually in neighborhoods, where they utilize Plausible Deniability for being there.

Civilian-Military Operations: Because military involvement in law enforcement has been permitted by various legislative means, and the use of non-lethal weapons as crowd-control, peace-enforcement, and adversary control has been

sanctioned through DOJ/DOD MOUs, we are apparently now in a state of publicly undisclosed Low-Intensity Conflict, predicted in War Strategy documents, wherein Special Operations forces and other military groups are using outfitted civilian vehicles—pick-up trucks, jeeps, SUVs, and service vehicles as described above—to use targeted non-lethal weapons on named civilians casually labeled “adversaries,”--again, the same smart accomplished moral American set named earlier, while wearing Plausible Deniability camouflage to prevent the larger public from understanding what is going on.

Plausible Deniability, Complicit Psychiatry, and Deep State Media Lies

Indeed, every effort has been made to establish Plausible Deniability, which really means that people are being attacked in broad daylight, with hidden weapons systems, hidden in plain sight.

The ridiculous COINTELPRO these Americans are being subjected to as well means they can now say truthfully they are being stalked, echo-gestured, echo-speech'd (their own words from surveillance, as in conversation, text and emails played back to them by strangers in public), vandalized, gaslit, and sabotaged—which both complicit and not-clued-in psychiatrists will then rush in to “diagnose” from the CIA-created DSM as **delusional, delusions of persecution, paranoid, schizoid, and schizophrenic**. This indeed is exactly what is going on.

The outrage of these Americans being so extremely physically assaulted in these ways, both with deadly carcinogenic weaponry and then with Stasi persecutory COINTELPRO, only to be disbelieved and discredited with a Mental Illness diagnosis by uneducated, uninformed or complicit psychiatrists is beyond belief, and can rightfully be termed **Psychological and Social Terrorism of American communities and neighborhoods**.

Of course, the primary reason these two species of psychiatrists—the unethical, venal, complicit kind or the green, uninformed kind--are getting away with this travesty is because mainstream media is owned lock, stock, and barrel by the CIA, CFR, Bilderbergers and other vampires.

The lies that have been published in a steady stream from the '80s onward in the major newspapers and through video/documentary coverage—such as The New York Times and The Washington Post, and now Wired, The Daily Beast, Vice

News, Chicago Sun-Times, and others—with a breathtaking range of openly displayed refusal to touch the gamut of technologies openly being studied and developed by the US Military and the CIA [ranging from neuroweapons, mind control technologies and techniques, directed-energy weapons, voice to skull weapons, sonic weapons, bone induction weapons, genetic weapons, millimeter wave weapons, microwave weapons, RFID chips, nanochips, nanobots](#) except in the most innocuous, benign, and accepting of ways, **as if the deadly technology development of the Military and the Covert Ops Agencies had to be protected at all costs**—and projecting instead a determined lack of knowledge, as well as open denial about the existence of these weapons is nothing short of phenomenally stupefying.

In conjunction, these newspapers and by extension the entire broadcasting world which follows their lead, have mocked, ridiculed, denigrated, and verbally assaulted reporting Americans in print, labelling them delusional and paranoid when they are reporting Crimes Against Humanity.

The CIA terminology of “bizarre” “mystifying” “inexplicable” “flummoxing” is rolled out regularly, including in recent news reports of US diplomats reporting EMF and sonic weapons in Cuba and China, in pathetic attempts to project the big fat lie that no knowledge of such weaponry exists among government ranks, and that people reporting such exist on an outer fringe of conspiracy theory-- also, we must remind ourselves, a CIA term to marginalize truth-tellers and suppress dissent.

In fact, a circular modality of Lies and Support for Lies has been forged and continues to exist, among psychiatrists and CIA-agent-journalists spewing out lies in Deep State Media:

The “journalist” aka CIA Media Asset asks: But have you received a psychiatric diagnosis? *I have to report you have been diagnosed as delusional, so let's just nullify everything you are trying to tell me about EMF weapons being used on you right there.*

The psychiatrist says: But there are no well-known media (like the New York Times) reporting this kind of weapon-use on or covert implantation of Americans. Only “John Doe” articles by unknown people, who sound like Conspiracy Theorists. *So I have to give you a Delusional diagnosis.*

CIA Media Asset (limpidly): We report what the psychiatrist has said, that you are delusional, and suffering from “mass delusion.”

Psychiatrist: We see that well-known media like the New York Times reports all say you are delusional, and suffering from “mass delusion.”

Readers of CIA/CFR/MIIC-run Media incl. Doctors and Psychiatrists, Family Members, Employers, Neighbors: The New York Times and psychiatrists concur: You must be delusional, and suffering from “mass delusion.”

MIIC: Military Industrial Intelligence Complex: the congregation of killers executing these crimes.

CFR: Council of Foreign Relations, loose-knit body of Luciferians running the CIA and lying CIA media, such as the New York Times.

Media is Participating in the Targeted Killing of Americans

It is impossible therefore to conclude anything other than that both Mainstream and Alstream media which have failed and continue to fail to report the reality of these crimes--which your neighbor and mine are fully aware of, as witnessing and participating members in neighborhoods--are actually partaking, participating, and fully involved in the targeted killing and torture operations of Americans, just as much as neighbors are, schooled to obey the contractors and agency personnel flashing badges at them to secure their compliance.

Gag orders regarding NSLs may be partially responsible but given the gleeful participation in Psy Warfare evidenced in news anchors and Talk Show hosts indulging in street theatre built around unlawful cameras-everywhere-inside-homes surveillance feedback and assisting in mocking, ridiculing, and attacking targets on-camera, **it is more likely that a high percentage of salary-drawing employees in MSM are completely and fully complicit, and are part of the Predatorial Fascist Class preying on outstanding Americans**, whom they--like their brethren the deranged “elite” Illuminati intent on a “Great Culling” to wipe out most of humanity---would rather neuro-steal from, and ridicule, and exterminate, and so have no problem smearing in print as delusional.

Because stealing words, actions, and thoughts a target says or thinks in the privacy

of her home or her brain is indeed Neuro Stealing and IP Theft -- and the Hollywood CIA Mafia along with the Mainstream Media Mafia and the Alt Media Mafia is indeed displaying every evidence of precisely this profound treachery: **stealing the words and thoughts and actions of “Targeted Individuals” and pumping them out in their Mafia Media as their own, as per the reports of many creative targets, including my own experience.**

Of course, every word written here relates also to people in every country being similarly preyed on by the global UN predatorial racket underway worldwide currently.

Habituating People into Mass Stoning Operations: Getting People Used to Targeting, Tracking, and Torturing Others with Remote Wifi/Sonic Weapons, in Their Own Neighborhood

The persistent nature of these operations and the ever-increasing penetration of the predation into all corners of the community has culminated in a Mass Stoning Operation going on in plain sight, with even educated professionals and their children induced to participate and indeed freely participating.

Professionals Participate in Hunting, Tracking, Targeting, Torturing: No matter that you are an engineer, physician, Public Health post-graduate, IT Project Manager, retired schoolteacher, or Principal of a school, you keel over and cell-phone track as commanded, in order to 24/7 hit with “Electronic Surveillance” the target as the local Badge-Flashers from Fusion Centers demand, or consent to wearing a neon cap on your head as the MISO Psy Ops “behavioral research and neuro modification” sappers demand. All that post-graduate education requiring critical thinking and independent enquiry goes directly into the toilet as you comply.

Children and teenagers participate in Hunting, Tracking, Targeting, Torturing: Especially egregious is the sight of children and teenagers employed to raise cell phones at people, watch, monitor, target, and track people, as well as engage in obnoxious street theater around people, as numerous targets have reported to this writer, and as I myself have experienced for several years now, as I drive and pick up my daughter from school everyday.

This means that kids are being trained to hunt down, disrespect, and subjugate adults with these wifi weapons.

Let that sink in. American kids are now being trained to become American hunters of adults, imbibe and assimilate lies about these Americans, and use wifi weapons to deliberately radar-flick, GPS-track for a satellite hit, and publicly mock and ridicule these Americans -- whom they are being convinced to believe deserve and need their targeting, tracking, and torturing. **Direct assault of American bodies with Anti Personnel Non Lethal Weapons is now being accomplished by conscripting children.**

Children even younger--preschoolers, toddlers--are also being conscripted; these kids are being used in two ways: one, asked by an adult to stare, glare or raise an admonitory finger at an adult (I have been treated to this lunacy numerous times, I have witnessed the parent bending down to whisper to the child first); and two, kids are being Neuro-Modulated to full-face stare, cross the path, scream, yell, and otherwise mock or verbally assault the target: this steps right into the Satanic realm of where exactly all this deep dark Neuro Modulation and Neuro Modification experimentation research is headed: it is headed toward direct and complete Brain Control of not just toddlers and animals and insects as DARPA currently excels in, but TOTAL brain control of all humans, starting with the most accomplished and moral Americans--who have become the targets of the Satanists seeking to take them out first.

Shut Down These Classified and Cruel Targeting, Terror-Listing, BioHack/NeuroHack Weapon Testing, Brain Modification Experimentation Programs

There is only ONE way forward, if America--and the world--is to be saved. Declassify and open up the entire arsenal of these weapons and programs being used against Americans and people worldwide. Then SHUT DOWN these programs, BAN these Bio Hacking/Neuro Hacking weapons, remove them from use by anyone, including and especially the amoral criminals running/contracting with the Fusion Centers and the DOD, DOJ, and CIA.

Please see NSA Whistleblower Karen Melton-Stewart's many excellent letters and articles describing how all this can be done. (Appoint her National Security

Agency Director or National Security & Human Rights Advisor.)

What is the point of Senate Intelligence Committees if they cannot oversee graft, corruption, and abuse and shut it down?

This is incredible abuse of Americans, on an absolutely incredible scale. And if the US MIIC is involved in running this selfsame program worldwide, then shut it down worldwide.

Is this the legacy America is going to leave this world?

Let me close by merely repeating what I wrote earlier:

This program of current-day Anti Personnel Non Lethal Weapon use on Americans is *Extreme Abuse, Absolute Barbarism, Intense Sadism, and has no place in any civilized society; there is NO EXCUSE* whatsoever that DOD, DARPA, DIA, USAF, Navy, USMC, SOF, NGA, NRO, DHS, FBI, CIA, or Local Police/Fusion Centers can give to Possibly excuse these incredibly ghastly and inhumane 24/7 bitterly egregious assaults on Americans, none whatsoever.

Further, Humanity is lost when humans can be so easily Bio Hacked and Neuro Hacked: Humanity does NOT need secret torture weapons of extreme human manipulation to be used on anyone, including citizens of other countries characterized as “adversaries,” moving forward.

Please read, watch, and listen to the print, video, and audio testimonials of the hundreds and thousands of suffering Americans and people worldwide whose lives, bodies, and brains desperately need saving today, their voices are all over social media today, and also at many human rights sites online, including my own, The Everyday Concerned Citizen, and my Youtube channel, Ramola D Reports, which has sought to compile a 21st-century documentation archive of today’s targeted whistleblowers, activists, journalists, telling their stories and relaying their profoundly important advice as victims of these horrific weapons to

the world.

How many cries, words, voices, tears, suicides, premature deaths is it going to take before America listens?

The day will come when our Republic will be an impossibility because wealth will be concentrated in the hands of a few. When that day comes, then we must rely upon the wisdom of the best elements in the country to readjust the laws of the nations to the changed conditions.
