 Senator John Warner,
 US Senate Intelligence Committee Chairman
 Senator Marco Rubio,
 US Senate Intelligence Committee Vice-Chairman
 211 Hart Senate Office Building
 Washington, D.C. 20510

Dear Senators:

I am writing to you in your capacity of Chairs of the Senate Intelligence Committee with supposed oversight over the Intelligence agencies in this country.

Along with various others in Congress, you have permitted the CIA, FBI, DHS, and various branches of Defense to engage in “counterterrorism” operations, “surveillance” operations, and classified human subject research operations in USA. You have not however engaged in ethical oversight of these operations, nor have you stopped the atrocious crimes of sadism, barbarism, and Nazi atrocity engaged in by these agencies, military divisions, and police groups. As a consequence, tens of thousands, possibly hundreds of thousands, and possibly millions as per recent info from

ACLU and DHS of innocent, law-abiding Americans are being assaulted to the death with directed-energy weapons—anti-personnel/crowd-control technologies—and acoustic neuroweapons on a daily basis. Please consult the many articles, interviews, letters, and memos at my site everydayconcerned.net and my video channels Ramola D Reports at Odysee, Lbry, Bitchute to see the hundreds of testimonials to these crimes I have reported over the past 8 years; especially see my Memos to President Trump, which detail the length and breadth of the carnage. My second Memo to Trump is detailed and informative: [Once Again, A Memo to President Trump: Massive Surveillance State Abuses | Treason on the Ground, in the USA: Public-Private Partners in Targeted Killing of Americans/](https://everydayconcerned.net/2019/07/03/once-again-a-memo-to-president-trump-massive-surveillance-state-abuses-treason-on-the-ground-in-the-usa-public-private-partners-in-targeted-killing-of-americans/) <https://everydayconcerned.net/2019/07/03/once-again-a-memo-to-president-trump-massive-surveillance-state-abuses-treason-on-the-ground-in-the-usa-public-private-partners-in-targeted-killing-of-americans/>

Despite my diligent and continuous reportage, the CIA, the FBI, the DHS, aided and abetted by local LE and local fusion centers continue to operate in impunity, selectively targeting anyone they wish to suppress, subjugate, and disappear, by glibly and baselessly naming them terrorists, domestic extremists, suspects, and whatever other unsavory lying label they can come up with—including naming journalists, whistleblowers, and activists for human and animal rights terrorists. The entire, overbudgeted mechanism of drones, helicopters, small planes, ground vehicles, EMS vehicles, fire engines, police cars, motorbikes, and Mafia contingent devoted to “counterterrorism” and “community policing” then kicks into action, falsifying records, lying to neighbors, installing mercenaries, and pulverizing their targets night and day, 24/7 with microwave pulse weapons, millimeter technologies, RFID implants, and acoustic neurotechnology—in addition to subjecting them, their families, and neighborhoods to nonstop noise terrorism.

I have reported my experience of such assault numerous times. From October/November 2013, when a chance conversation on extra babysitting fees the school was instituting with then Treasurer of the Adams Montessori School Board (in Quincy, Massachusetts)—now President, a grasping and megalomaniac Sinead Walsh, and then-President of the Adams Montessori School Board, also a grasping and megalomaniac Alexander Steffan, a corporate attorney with Haemoneutics Corporation, a DOD contractor—clearly hooked in with the local Freemasonic Mafia of Quincy and Massachusetts—and letters to local Representative Tackey Chan about the horrors of chem trails, I have been 24/7 assaulted in the manner described above, with a massive smear campaign run by local criminal FBI and Infragard in my neighborhood—all of which continues to this day. There is no justification for this criminal assault on my person, nor on my family.

I have written to William Barr, former Attorney-General, Maura Healey, current Massachusetts Attorney-General, in addition to the heads of local Boston FBI, the local Norfolk County Sheriff, the local Mayor of Quincy and various other personages who 1) would be fully aware of these assaults—very publicly conducted, with open buy-in from the neighborhood—on my person, and 2) are clearly participants, facilitators, and perpetrators. None of these parties can show a single reason why I should be singled out for 24/7 electronic concentration camp torture and assault. None dares to respond to my letters—perhaps knowing they are all flagrantly complicit. None takes steps to switch off this outrage and atrocity on my person—why? Because they have already trafficked me to the CIA/DIA's MK ULTRA Atrocity-on-tap programs? It is very clear, from the weapon-wielding

actions of the mercenaries and assassins now occupying the houses next door to me and across the street and across the backyard that the CIA/DIA's MK ULTRA Atrocity-on-tap programs are very much in operation here. Do you all really believe you can destroy my life and subject me—without cause—to nonstop assault with EMF weapons, noise terror, and neurotech assault because you have—without cause—listed me in your to-be-destroyed redlists, trafficked me into weapons-testing programs for years, “bio-behavioral research” programs for years, IP-harvesting programs for years—as you have targeted, listed, and assaulted thousands or millions of others—and expect this infinite atrocity not to be publicly addressed? Is there a single reason the FBI can give, for “putting me under surveillance,” and thence trafficking me into a 24/7 Torture and Life-destruction Program?

As I questioned in my long letter to various parties, and earlier in my letter to William Barr, sent also to Michael Horowitz, IG at the DOJ, how is it possible that an ethical, upstanding college professor, writer, author, children's creativity workshop leader, community volunteer, and concerned citizen working to raise consciousness on many different issues suddenly become the target of absolutely atrocious physical and social assault, with sophisticated military spectrum weapons, noise terrorism, cyber harassment, and smear campaigns? This could only happen if criminals are running the local fusion centers, sheriffs' offices, Mayors' offices, Governors' offices, FBI, and DHS: and it appears that this indeed is the case.

Please see my article and posting of my **Feb 8, 2021** letter here: [Treasonous Betrayal–Local Govts in USA Permit Inhumane 24/7 Rape, Assault, Battery, Burns in Bio-Hacking Crimes by CIA, DIA, NSA, FBI, DHS, Military, Special Ops, UN with EMF Spectrum/Sonic/Scalar/Neuro Weapons Hidden as “Surveillance”: American Journalist Blows Whistle on Atrocities/](https://everydayconcerned.net/2021/02/24/treasonous-betrayal-local-govts-in-usa-permit-inhumane-24-7-rape-assault-battery-burns-in-bio-hacking-crimes-by-cia-dia-nsa-fbi-dhs-military-special-ops-un-with-emf-spectrum-sonic-scalar-neuro-weapons-hidden-as-surveillance-american-journalist-blows-whistle-on-atrocities/)

It is clearly time for another letter. The actions of assault on my body are NOT SANE, NOT ETHICAL, NOT COMPREHENSIBLE. They are most definitely not befitting the human rights aspirations of America and they show the US GOVERNMENT mechanism to be one of profoundly ignorant, misled bent, with proclivity for Satanic torture and life-destruction of its own citizens under cover of secrecy and deceit. Assaulting people covertly with EMF weapons and Neurotech is NOT NORMAL, NOT ACCEPTABLE, and NEEDS TO BE STOPPED!

Please be aware I am now a working journalist and writer, with video channels, a print website, continuous coverage of current affairs, who posts interviews, news panels, reports, and articles on a regular basis. As a journalist, my analyses, writings, talks, conversations, interviews should be protected speech; retaliation for my journalism should not be occurring in a democratic Republic where freedom of speech should be honored. Freedom of the Press is a protected freedom in a democracy.

Yet this appears to be exactly what is happening. My work exposing the injustice and violations of human rights suffered by many including my reportage of these crimes on my person has

continually resulted in almost immediate retaliation and attack on me with microwave pulse weapons and scalar radar weapons—directed at me from drones, satellites, celltowers, and neighboring houses from weapon-wielding, portable-device-equipped mercenaries—right after (and during work on) posting articles or podcasts. Extreme noise harassment assaults on this neighborhood—with power-saw-whining, power-leafblowing, power-trimming, tree-sawing, and neighbors activated by RISSNET and Infragard to yell at high volume in turns around the block, added to an increase in road work, tree work, utility work all with attendant high-noise, has become a fixture in this neighborhood, causing grief to all domiciled here, not just myself. The city of Quincy has also come aflame with frequent sirens, motorbikes tearing at speed without sound absorbers at all hours of day and night around the neighborhoods, as also old souped-up cars driven by crazed, tattooed young men of every ethnicity—all this at midnight and beyond or even during the day; clearly, engaging in hazardous, high-volume and high-speed driving has become NORMATIVE ASSAULT here.

I have been reporting all of these assaults on Twitter in threads—all of which were lost recently when Twitter banned me for daring to publish interviews with doctors educating the world on the dangers of the COVID vaccines which have now killed over 15,000 Americans that we know of and paralyzed many more—and recently in logs at my website. Please see my ongoing log, [Ramola D | #Bentley360: Musings and Reports—Full Spectrum Record/](https://everydayconcerned.net/disclosure/ramola-d-personal-reports/ramola-d-bentley360/) <https://everydayconcerned.net/disclosure/ramola-d-personal-reports/ramola-d-bentley360/> for the latest reports on these assaults.

Most egregiously—in addition to the **24/7 pulse-shots** at my head, at my face, on my body, on my knees, on my private parts; the **vibrational weapons** used on my spine, my private parts, my feet; the **electroshock weapons** used on my spine, my body parts; the **non-stop low-intensity assault** on my eyes—creating slow deterioration of vision, on my face—inflaming incessantly, on my throat and sinuses, causing clogging of sinuses and throat, inducing breathing difficulties and damaging lungs—I have been **hit continuously now for FOUR MONTHS**, since July 2021, right up to the present writing moment, **on my right arm, elbow, shoulder and hand, causing a freezing of my arm and shoulder, severe injury, debilitating pain, and inability to use my arm.** THIS IS MY WRITING ARM. I am being hit as well on the nerves of my armpit, upper neck, and right breast—in clear attempts to induce a Plausible-Deniability neurological syndrome to account for the frozen shoulder and arm. PLEASE BE AWARE THESE ATROCIOUS PULSE SHOTS ON MY NERVES, MUSCLES, TENDONS, AND LIGAMENTS ARE NOT EXPRESSIONS OF NEUROLOGICAL SYNDROMES, THEY MAKE AUDIBLE HITS ON THE SHIELDING I AM OBLIGED TO USE, AND THEY REGISTER AS SHARP PULSE HITS ON METERS: THEY ARE MICROWAVE PULSE SHOTS. In other words, they are directed energy weapon assaults, from a distance—often a very small one, right next door, the neighbor's SUV, living-room, back-room, garage.

The two main offenders, on either side of me, at 150 Pine Street (John Mazzeo and Samantha Smith) and 156 Pine Street (Chen Le Ming), as well as across the street, 143-45 Pine Street (Grace Lui Katan and co.) I believe are the most closely involved in these arm hits, but several other groups of assassins in neighboring houses are also complicit. The SUVs and Jeeps parked in the Mazzeo/Smith driveway varies by day; yet pulse shots and heat signals are directed from these

vehicles into our home.

Thanks to the FBI, the DHS, and CIA also, zooming cars aiming at deliberate noise harassment fly up and down the street, to park and hit or park and track. Constant overhead drones and helicopters are also engaged in tracking and surveilling.

These rabid activities of 24/7 intrusion of privacy, attacks on human rights and civil rights are glossed over, ignored, erased and forgotten when the DHS and FBI submit their treatises on “domestic terrorism” to your committees, as recently with the ODNI's “[Domestic Violent Extremism Poses Heightened Threat in 2021/ODNI](#)” in March 2021 and the [FBI, DHS Strategic Intelligence Assessment and Data on Domestic Terrorism](#) in May 2021. No mention is made of the millions of wrongfully watchlisted Americans these very agencies have targeted, or the brute terrorism of FBI, CIA, and DHS actions in continuous drone, satellite, helicopter overflights and stationary EMF assault, continuous microwave weapon assault, and continuous acoustic neuroweapon assault and tracking radar assault on the bodies of Americans: completely unlawful, fully extrajudicial, executed with not a smidgen of Due Process, with no base, cause, or evidence of wrongdoing or crime on these glibly named “Known and Suspected Terrorists” who are being tremendously assaulted and quite frankly, tortured in their own homes with these electromagnetic weapons of Electronic Warfare.

I am writing to ask you to intervene immediately and remove my name from these to-be-terrorized lists, to halt all attacks on everyone, to dissolve these extrajudicial lists, and to have these fusion center mercenaries and drones **cease these assaults on my arm**: a brutal and medieval form of torture clearly aimed at my journalism. As an oversight committee responsible for the actions of the CIA, DHS, FBI and other agencies, you are directly responsible for these outrageous assaults on my arm. Is this the legacy you wish to leave America? Please stand up for the rights of Americans and act to save this Republic from the absolute thugs and mercenaries operating from inside US intelligence agencies.

As a journalist being unlawfully attacked for my work and being retaliated against by sadistic barbarians engaging in criminal assault on my body with electromagnetic weapons and acoustic neurotechnology as well as a slew of other exotic military weapons, I will continue to speak openly of these crimes. Neither the Intelligence Committee nor any contractor or employee of the IC or military has the right to destroy my arm, my shoulder, my elbow, my hand, my wrist, my fingers— or any other part of my anatomy—using stealth weapons and through-wall-radar.

I am working on a report to summarize the carnage currently and will send it to you as soon as it is ready. Meanwhile, please act immediately to halt these physical bio-hacking crimes on my person.

I will be more than happy to come meet you in person as well to present my reports, and to testify as an investigative reporter with intimate knowledge of these atrocities on many to the Senate. Please do not hesitate to reach me for further information at ramolad@everydayconcerned.net or at my cell at [REDACTED].

I look forward to the immediate cessation of these horrific assaults on my writing arm and on my body and to your assurance that these crimes are being addressed and being stopped. Please be assured I will not stop writing and speaking publicly of these crimes on my body until they are stopped.

Sincerely,
