Please limit responses and make this a 1-pager or 1.5 pager max, not a long narrative with details. These responses will be compiled and presented in a Collective Targeting Record document to be presented to a select group of leaders working to restore harmony in the USA and Earth; this information will be used also in the Summary Investigative Report on DEW/Neurotech Targeting being produced by independent investigative journalist Ramola D at The Everyday Concerned Citizen as a culmination of 8 years of independent investigative journalism—and 8 years of experienced assault and battery herself--on this subject.
