[#PoliceCrimes](#) and [#FBI Crimes](#) of Lies, Slander, Libel, & Falsification of Records to facilitate target-assault with DEW/Neurotech by Black Opsters like USNavy, USMC, Army, CIA, DIA, NSA is an Act of War against the people, and a Declaration of War against the people.

[#FirstMoves](#)

So let it never be said that [#ThoseTargeted](#) are warring against "Law Enforcement." Let's get it right: The [#BoysinBlue](#) have become Criminals, wearing a Mask of Virtue while going all out to lie, slander, defame, frame, set up, harass, provoke (esp. by informant-proxy)

[#NonCrims](#).

In such a situation, the correct thing to do for all is [#ExposePoliceCrimes](#). Don't let their constant bullying, helicopter flyovers, noise assault, DEWS and Neighborhood Watch bullying and "policing" harassment stop you--I don't & won't. Egoistic bullying needs exposing & ending.

And what does it mean when it's clear "Law Enforcement"--both FBI and locals--is spending 90% of its time targeting, provoking, and smearing innocents, so it can create the Image of Crime and get Stasi neighborhood action going against them? It means: LE is looking for a fight.

"Community Policing" has to be the cleverest euphemism ever invented. Police have used these programs to continuously destroy communities, families, and lives.

[#ExposePoliceCrimes](#)

Lies, slander, defamation destroy lives. It is this intentionality of destruction which LE has put into action, no doubt at behest of others often--that famed "Illuminati" network of [#TopCrims](#) [#FBIInformants](#)--but with full intent to destroy, by Manufacturing Claims & Profiles.

The entire Black Ops Fiesta depends on Lies and Falsified Records. Those willing to lie for them include Police, Physicians, Psychologists, Psychiatrists, Journalists--all paid-to-lie and bound-by-brotherhood-oaths. [#MasonicMess](#) of vultures, preying on innocents.

This is the "Status Quo" of abject crime corrupt Governments seek to protect. If you raise your voice against the Sacred Status Quo, woe on you: you become a Target. Of the very [#BoysinBlue](#) working hard to Manufacture Crime in Secret in their cyclical lies-to-fatten-budgets style

A primary feature of "Law Enforcement" today is manufacturing, arranging, and promoting very sleazy lies, slander, and defamation. Imagine that. Don't call it a "Police State." Just a Sleazy Lies and Slander State. Plenty of perks for provocateurs who'll publicly & privately lie.

These are [#PoliceCrimes](#) that are intentional and malicious, and which should be so thoroughly exposed that no-one can say they do not know now what exactly is happening. Not just the Opsters behind them, but [#Police](#) [#FBI](#) are to blame, for being the frontline liars and harassers.

And because Life-Destruction is involved, Name-Destruction, & Health-Destruction with deadly DEWS/Neurotech (being concealed with [#MentalHealthFraud](#)), Police, FBI in every state should know the [#MegaCrimes](#) they're committing will have to be fully exposed.
