Dear Cheryl Fitzgerald, and CEO Mark Brewster:

Thank you for your note below which came to my attention only late yesterday.

I authorize Brewster Ambulance to release the Patient Care Report/s as you label it to me, the actual physical living woman who was unlawfully captured by Brewster Ambulance staff twice, once at the Courthouse at the Quincy District Court, and earlier at my private home, without cause, without consent, without request for your services. As a consequence of both captures I was unlawfully transported, trafficked out of jurisdiction and deposited in so-called hospitals where I was subjected to further abuse, further unconsented-to treatment, and unlawfully and non-consensually implanted with devices causing me great physical pain, which I suspect are being used wrongfully as Public Health, Behavioral Health, and/or Public Safety, Community Monitoring devices whereby these devices are being abusively accessed by every mailman, UPS-man, Fedex-man, utility-man and van, construction-truck, trash-truck, recycling-truck, passer-by, neighbor playing community-monitor, by every unlawfully and abusively assigned drone, helicopter, passing plane, and many more--matters I am investigating currently as the science and technology investigative journalist that I am.

Consequent to Brewster Ambulance's unlawful abduction and capture out of my home and out of the Courthouse--where I was unlawfully brought by Quincy Police--I was wrongfully supposedly "psychiatrically evaluated" and endowed with several false psychiatric labels I have proved publicly are false, unlawful, abusive, and invalid. All of this has occurred directly consequent to Brewster Ambulance's interference in my life and encroachment on my privacy status, which I have previously apprised Brewster Ambulance of, in several letters last summer, including a letter of notice of claim all of which have gone unanswered. Finally, it is because of these unlawful and wrongful psychiatric labels that I am being continuously abused, both under so-called "Care Co-ordination" in Massachusetts--a euphemism for Electronic Concentration Camp Assault and Across the Board Social

Harassment--and via the "Medical Record" being wrongfully attributed to me by organizations playing Healthcare, Hospital, and Emergency Medical Services, as I experienced directly after the Brewster Ambulance transport to South Shore Hospital on December 20, 2022--against my will, without my consent, as stated to Brewster Ambulance staff who prevented me from walking out of that Courthouse station as I certainly sought to do, and forced me onto their stretcher, while I was merely walking to the door, and not in any way creating a disturbance of any kind--probably knocking me out unconscious first with a drug, about which also I need full information--where (at South Shore Hospital) I was treated as a Mental Patient, without intelligence, without human rights, and without ability to speak for myself and be heard, mocked, "watched," and further abused, with further unlawful forced-drugging, a forced-EKG, forced "psychiatric evaluations" and several further "Section 12s" and "Section 10s" involving further capture, transport to another Boston hospital, and incarceration in a Mental Asylum for a total of 9 days of unlawful and abusive captivity over Christmas 2022, and subsequent 8-11 months of forced drugging and forced-vibrational-technology and pulsed-technology abuse, which appears to be continuing given the implanted devices and their remote-access activation every minute, including as I write to you, using helicopters and drones and neighbors to ensure close tracking. (A helicopter drove overhead at around 2 pm as I was writing; it is now 2:11 pm.)

I am focused on removing all false psychiatric labels from my medical record, from any medical record associated with my name, and on correcting this record with all parties involved. I am concerned that lies, fabrications, false-narratives, and false-claims made by police, EMS, and hospital staff are distorting both my medical record and my name, essentially maintaining a false-light representation of me as Mentally Ill in a One Health record which is used against me continuously regardless of what I do, say, or write to address this matter, as apparently was the case in 2022; I am keen to correct this situation, and enclose for your attention my Notice to All Physicians, Psychiatrists, Psychiatric Nurses, Hospital Staff, EMS Personnel, Ambulance Staff and Owners, Licensed Social Workers, Mental Health Lawyers, Attorneys, Law Enforcement Officers of October 19, 2023,, as also my Note on Psychiatric Labels of latest date October 8, 2023, the latter still under construction.

Kindly release to me therefore all documentation Brewster Ambulance has made--and furnished to hospitals, insurance, the Department of Mental Health or any other body--using my name or any form or truncated distortion of my name including "Ramola Dharmara" or "RAMOLA DHARMARA" while actually capturing and transporting my

physical, living being on December 20, 2022 and April 14, 2022, so I can further address this matter accurately. Clearly Brewster Ambulance owes me an apology and a cessation of all actions of harm against me. I enclose a photograph of myself here--available also on my website, in published podcasts--so Brewster Ambulance staff can verify who I am.

Thanks very much,

By:
