Replied **Yes**
Encrypted **No**
Signed **No**

thanks for all this

I kept looking for your response & found none - then today found this is old emails- they always manage to do this

Hi Cait--My FOIA to them resulted in release of "clearly-releasable" records of Informed consent ONLY to a lab study being conducted. I have to re-FOIA for non-clearly releasable.

The docs they provided can be viewed here: <https://www.muckrock.com/foi/united-states-of-america-10/request-for-documentation-of-informed-consent-in-usaf-debr-contract-13862/#file-51426> I'll also attach them.

There is some info on the nature of the weapons being tested--millimetre-wave weapons--I did nto look at these all too closely, I am afraid. Need to do so. Looks like the dates and contract numbers do not match. They may have given me an old FWA.

To answer your question, esp. see Docs 2 and 3 enclosed.

The FWA no. 00016277 seems to refer to an older FWA which expired in 2013--Document 3.

That is the Federal agency contracting with Gen Dynamics yes, studies supposed to be in Texas--Document 2.

However, I also Foia'd OHRP--and they sent on the FWA for the 7 yr contract and it has the same number 0016277, expiring in 2018.(I'll attach this file as well)

Also, just found this: <https://dictaculture.noblogs.org/files/2014/09/Basic-IDIQ-SOO.pdf>

Look under 1, d, (1)--Directed Energy Mechanisms--mentions lab and field research.

They have clearly not given me all info on this contract--I will pursue--thanks. Hope this info helps you.

Are these referring to one & the same? Have you found our that General Dynamics actually started this? ANd would you know if there are field studies involved. I thought I read "field studies" when I frist looked at this - but can not find it now. Thanks if you can provide any info.

the FWA00016277

Institution: General Dynamics Information Technology

and

Federal Agency Name: Air Force Research Laboratory, 711th Human Performance Wing, Human Effectiveness Directorate, Bioeffects Division, Radio Frequency Bioeffects Branch (711HPW/RHDR) located at JBSA Ft. Sam Houston, TX.
