Dear Sarah,

This is just to follow up my voice-mail this morning at your DC office.

Laetitia Aby, Executive Director, The Human Dignity Council, and I (Co-Director of Strategy) are trying to set up a meeting with Senator Ed Markey on his next visit to Boston. We have spoken to you earlier as you may recall and to his Boston office and have been asked to contact you again to set up an appointment with the Senator.

Again, we are very glad he is co-sponsoring a privacy rights bill with Senator Leahy, and we wish very much to speak with him about the issues we have mentioned to you: about the targeting of social justice activists in the Boston area and in other parts of Massachusetts and in fact nationwide, about covert and overt 24/7 harassment with directed-energy weapons in our homes and apartments, about the involvement of local law enforcement in such nefarious activities, about organized networked stalking and physical and electronic surveillance of activists and other targeted individuals, and about nonconsensual human subject research which is underway here in Boston, and other parts of Massachusetts, and nationwide. These are critical issues for our state and our nation to address, and our organization has been formed primarily to address them.

We would greatly appreciate your input regarding best times for a meeting with Senator Ed Markey on his next visit to Boston. Please feel free to call me too if easier, at 617-481-6728. Thank you.

Best wishes,
