Dear Helen Rush-Lloyd,

In light of the Freedom of Information Act, I would like to request the following records:

- 1) The contract and licensing agreement that Massachusetts Government or the Mass Department of Public Health has with Midwest Medical Transport Co. an ambulance company for state transport or any other kind of transport-of-bodies services;
- 2) The Section 12 form or other kind of State authorizing form used by Midwest Medical Transport Co. in rendering unconscious, capturing, manhandling, strapping down, and trafficking my physical living body from the premises of South Shore Hospital on the night of 12-20-2022, or, variably, 12-21-2022 (based on which facility's storytelling has been documented by Midwest, South Shore, Bournewood or by the DPH, DMH, QPD, MSP, or other Mass Gov entity involved).
- 3) The annual report or other kind of report including said capture, trafficking and sale of my physical living body from South Shore Hospital ED to Bournewood Hospital, the Emerson I Building in its statistical or qualitative tabulations and incident reports,

offering any kind of "reason" for said unlawful capture, trafficking, and sale. [It is obviously trafficking and sale (Modern Medical Slavery) when a knocked-unconscious, already kidnapped and trafficked human body is re-grabbed and re-kidnapped and taken to another Maximum Security Psychiatric Prison charging \$1500 a day and held there unlawfully without ability to leave for 8 days.]

- 4) The contract and licensing agreement, current, which Mass Govt or the Department of Public Health has with Brewster Ambulance for ambulance or state transport services.
- 5) The contract and licensing agreement which Mass Govt or the Department of Public Health has with Quincy District Court permitting them to call in to South Shore Hospital and "refer" my kidnap-and-trafficking sale to them as an involuntary Section 12, and the Section 12 form/other authorizing form therefore used by Quincy District Court--in fact, by a certain Chelsea Lloyd, LSW, notated as making this call for QDC, the actual Form therefore used by QDC, Chelsea Lloyd, or/and Brewster Ambulance in forcing through a first involuntary knocking-unconscious, manhandling, strapping, capture, trafficking and sale of my physical living body from Quincy District Court premises to South Shore Hospital on 12-20-2022.

This is a Media request and a personal request both, obviously, since I am the wronged party here, and am the journalist reporting on Medical and Police crimes, among others--Military crimes, certainly, with special attention to the Anti-Personnel Directed Energy Weapons and Technologies unlawfully tested on the American populace which have been kept hidden from journalism by miscreant police, and for which reason apparently this Writer and Journalist has been unlawfully set upon several times by unlawfully acting police, courts, EMS, and medical parties in a little known underworld in the Commonwealth of Massachusetts whose actions must indeed be published to one and all--for the edification of all future administrations and generations, at the very least. All documents will be made publicly available therefore, in the interests of public awareness and positive governmental change.

My media site and magazine The Everyday Concerned Citizen will publish all information; Ramola D Reports will report further on all. I report all FOIA requests to the American people at The ECC-FOIA Request Log, linked on the front page at my site. Should there be any photocopying fees, please let me know. I would appreciate receiving documents in PDF and print form at the address above. Please email me with questions if any.

Thanks very much,

By:
