Dear Public Records Manager:

In light of the Freedom of Information Act and all laws, please provide the Incident Reports and notes and all audio/video footage associated with the visit of a Quincy Police officer to my home this morning around 10:30 am, as well as all calls and reports made by the bullying DPW personnel at the scene who desecrated this writer's garden and cherry tree and tree hydrangea as well as wildflowers in bloom, using power weedwhackers and trimmers and literally walking into her and running his switched-on power tool into her as she sought to speak to him and request that he stop. Please also provide all information associated with this action by the DPW personnel who was here as Quincy Police has been informed by DPW (the Department of Public Works): who asked DPW to come by and desecrate my yard, and why? What exactly did this man convey to Quincy Police and what lies exactly were told here? Extreme disrespect and bullying a woman writer and mother is what was handed out here. I trust all photocopying and material retrieval fees will be waived since this is a media request and all information will be reported. Please send all documentation by email in PDF form and the audio and video files also via email in mp3 and mp4 format.

Thanks very much,
