Yet another missive from Fake Darren NeighBOURhood!

Probably not MI5 but FBI BOSTON...all "English" I am sure. --Rd

Hi Ramola

I think you may have mistaken me for someone else. I am Darren your brother in law from LON, married to your sister Sharola. You've been saying that not many people are writing back to you

Thought I should write to you in case you're feeling anxious about the difficult world we live in, all sorts of world events we're living through, war, famine, water shortage, climate change, quite a difficult time for us all to deal with. Like you, many of us feel anxious and don't know what to do sometimes.

I'd like to find out from you how you're coping with all the difficulties?

Are you feeling that you can't sleep very well?

A good nights sleep does wonders.

Very hot and humid here, difficult to work in the hospital, no air conditioning, we're not used to such temperatures. tomorrow will be even hotter, predicted 34degC in LON. I checked the weather in BOS and similar heatwave that side of the Atlantic. Heat as well as anxiety and difficulties also make it difficult to sleep.

hope you are keeping cool, I imagine Quincy will have some sea breeze?

do you see seabirds in your neighbourhood?

love and best Darren

A fake Darren writes back.

Darren should become a Writer and not look back.

SD needs to study Art Writing and Poetry herself (no you do NOT use RHYME anymore like that--END RHYME is PASSE) and needs to write me a long letter of APOLOGY. Shubha needs to be turfed from her Inner Circle for she is peddling the LIES OF PSYCHIATRY. No one is "Bipolar": NO ONE. No one is "MENTALLY ILL". MENTAL ILLNESS IS A LIE CONCOCTED BY GERMAN AND AUSTRIAN MEN WITH BEARDS AND MONOCLES. Mental retardation is different and can be achieved with DRUGS, VACCINES, POISONS, NEUROTOXINS, AND RADIATION WEAPONS

which Medicos accept as "BRAIN STIMULATION" because they lost their entire IQ as they entered the Modern Neuroscience Lab is it? ALL NEUROSCIENCE COMES FROM THE MILITARY--they figured out how to MODIFY BRAINS, they use electricity, acoustics, the EMF spectrum, electromagnetics. These things are called NEUROWEAPONS but the military is CUNNING and says "DUAL-USE"--no one should be modifying anyone's brains with either drugs or vibrations or BCI-tech which is ALL INVASIVE, but hey, let's PALLIATE THE MEDICOS WITH LIES so they can act like AUTHORITARIANS with the public. SHUBHA IS A PROFESSIONAL LIAR.

In any case, After fake Sharola visit yesterday, I AM PUBLISHING ALL CIA-MI5-MOSSAD CORRESPONDENCE.

Look for all the past CIA missives under Selected Letters from Family. I will be publishing all of this weekend and the next week for a while.

This is clearly not Darren and someone seems to think both Darren and I are IDIOTS.

He is quite smart and not likely to write crap like this to me. We all know what has gone down here, he too did that Post-grad Diploma in Genetics at Harvard like SD did, he knows about HRC--human reproductive cloning--and also about GMC--genetically modified clones--he has met several the summers of 2023 and 2024 as has SD and the entire family. WE HAVE TO PUBLISH THEIR PICTURES. We have to expose this. Or they will continue to be used against each other and against us.

Darren may have been cloned, I saw a guy at Milton Square once who looked a bit like him. I may be wrong. But I also think he was being targeted, that year he had the neck pain and the shady looking Gujarati boys next door were moving in planks of wood. They are Freemasons which means more than they may know. In the west a lot of people run and become part of the "network" of business professionals they think, but they are entering Hierarchized Space run by the Chamber of Commerce and the 322 Clubs and the East Coasters and the Oxfordians and Cambridgians in the UK--meaning, hard core OCCULT lunacy at the top, all folded in, lots of Satanism and worship of their own crazy selves, witchcraft, paganism (negative) and so on. Absolutely drop these freaks if you have gone near them. Start SINGING in church to bring your own vibrations back into the universe.

Writing this note for all to advise that CIA OVERLAYS EMAIL IDS and sends me crappy messages like this. My house is doing fine and so am I. I have to guard against being killed is all, and dying of Microwave Radiation and Hives, currently.

I will be publishing a NOTICE TO ALL FAMILY shortly, because we have a problem here, and I intend to surface it. CIA and MI5 and Mossad CANNOT HAVE MY BRAIN--THERE IS NO CONSENT--I am shielding to protect myself--but they are lurking like sharks, engaging in DAILY HARASSMENT to attack and provoke both, while imagining the way forward for all is to suppress my reportage and disappear me into another insane asylum. NOT HAPPENING.

PS: I think Sam and Meghan have been cloned, and Melissa as well. That would make their family the first--that I know-- of the whole family being cloned. Reuben has been cloned, I have met 2 of the clones, in June 2023 and December 2023. Melissa--I spoke to at least 2 Melissas in 2023 when I was first figuring out there had been Paul clones here and Sophie clones. Actually while some were still there. We spoke to a Melissa clone together--she asked for help with funding for a house-buy in Wisconsin. [The Paul-nonclone spoke to her on the phone and said No, baldly--like Paul would do that!] Where is Reuben now? What is his address? I have heard NOTHING from him. But the second Reuben who came here has the shapeshifting quality and I saw it. He was not Reuben but had qualities of him--a GMC. Both were GMCs. The Melissa I spoke to who seemed more German than Irish told me I

would not see Sophie for 4 to 5 years while she was in college--WHAT THE HELL. Is she CIA, telling me what their Black Ops program is? My phone was stolen after that so I could not keep in touch with Melissa on the phone. I sent flowers when her father passed away. I thought that was our Meilissa. Also, Sam and Meghan are not theirs, they are both adopted. The children need their DNA tested. I spoke to a Reuben clone with a Meghan clone who was younger. (Facetime) I spoke to a Melissa clone with a Sam who was younger--all Facetime. One of them seemed to be in their old house. These freaks--CIA--have given me lots of Haldol'd Twilight Zone experiences this way but I ahve been carefully sifting through what has happened and am surfacing all this now because this is true. My best guess is Melissa has been cloned, Reuben has been cloned, Sam has been cloned--but he is not their child; Meghan has been cloned--not their child; the 2 kids are clones from a different family, they may be brother and sister. Test their DNA to find out, do a double check. Were their babies stolen from their hospital? Could this be possible? They need to figure this out. They need to find their children. THEY may have been cloned too....their real kids. But TEST THEIR DNA, to find out for sure. Your children will always look like you, some features will show up. Sophie looks like a combo of Paul and me but she has her own face. THEY STEAL BABIES FROM HOSPITALS AND CRIBS. THEY EXCHANGE BABIES. I have seen the Blondie opposite--and the many women who have come by here--change out kids, bring diff kids in, etc. Police, Fire, DCF, DMH...there are lots of understructure NETWORKS here.

OK--enough for now; I meant to share this info so you have it. Love to all, Ramola

Hi Ramola,

Thankyou for your emails, we're looking forward to more news from Sophie in LA.

Great that Sophie is working hard on a subject she likes at College in CA. I imagine she has lots of friends there on the West Coast, oh to be young again! Do you remember those days at College /Uni?

I have an idea to swap shirts or hoodies with Sophie, i'll buy an Oxford hoodie (dark blue) and Sophie will swap for a (blue & gold) UCLA basketball shirt.

You might be feeling lonely with Paul and Sophie out of the house, how are you coping?

If there are issues with your house, heating, plumbing etc pls let Nalini, Sharola or Paul know because they may be able to help you. Houses need a lot of maintainance. I'm currently involved in a large construction project at our house, lots of things can go wrong, important to keep on top of the household jobs. Don't be afraid to ask for help, all of us need help with plumbing and electrics.

very hot here 32degC, must be hot in BOS too.

love & best wishes Darren
