Hi Paul, Sophie--

Where are you? Sophie, hasn't college closed yet for the summer..?

How exactly are you maintaining Twilight Zone in this fashion? Are you really going to keep to the FBI and QPD's bogus NSLs with LIES in them?

Please send me an email, a letter and a phone call at 617-347-9281 or our home number 617-481-6728 and leave a message.

I am keeping all doors locked and not answering to any of the Paul clones or Sophie clones or cloned SD or Reuben.

I will not be ambushed by them again. And I haven't heard from either of them apologizing.

I would like to know though when you are coming, where you are, how you are doing. I will write separately, Sophie, I keep meaning to send you lots of messages and advice. But this charade has gone on long enough and you need to come home. The QPD freaks across the street have taken to running daily Threat operations, parking in front of our house and running Noise Harassment in addition to sending in pulsed RF HPM. The Mazzeos have got reinforcements. The house is really hot without airconditioning. The fence needs repairing.

Sending you this as an update on the house situation. I cannot imagine another Winter without heating. And I cannot do a thing in the garden currently for the criminals on this street call Police when they see me--that's been their MO for their lying BRAIN-GRAB projects as you know if you are reading my Reporter's Notes--so I cannot garden, cannot put up a fence in the front--we need a fence in the front and all around on the side--we need to keep the Mazzeos out, they attack the airconditioner unit on the side and have attacked our trees and ferns; we need a 15 foot wall in fact which is hardened against their RF HPM attacks--we need metal which is grounded on that fence.

Actually, can you keep a lookout on Zillow on that house? They need to leave and I would like to buy that house so we are safer. Any one of the Paul clones also could, that way one of the families at least would be closer, with a Sophie sister or two nearby.

The QPD-QDC man in the Starsiak house opposite has burned some of the rhododendron in front and also cut some, without my permission, is my suspicion--one side of it looks seriously whacked. Things are growing in front but I can do nothing in terms of actual gardening and shaping and fixing because of the sickening planted-mercenary situation.

If you are in touch with SD and Reuben please let them know I will not be opening the door to them or to anyone in ambush operations. SD owes me apologies and if she cannot write and apologize, I cannot speak to her. I have disowned her. Similarly Reuben who has been cloned and whose clones here have not been helpful.

I will post some of my letters to you at my website at the Selected Letters to Family page since I have no idea if you are getting these. If you receive this, please write. Lots of love Sophie, Mom
