How pathetic is the MI5!

Worse than the CIA!

Being ENGLISH, and writing crap like that.

This is the OVERLAY DARREN EMAIL ID daring to pretend he actually has ever written to me--and in such an absurd way too.

Sorry, I know the Brits have brains, a bit more than the Americans--not as much as the French, sadly--but these are not Brains! -- Rd

PS: dead giveaway this is #MockOp CIA-MI5-MI6 Bullshit Fiesta Parade "Ooh! Climate Change!"

Subject: tomatoes

To: Ramola D <ramolad@hushmail.com>

Hi Ramola

sorry if my email came across as patronising  
us grumpy old blokes can get it wrong sometimes  
because we grew up in the last century!

we're (sometimes) unshaven, unkempt, dirty (if we're crawling around on the floor trying to inspect the pipes) and don't comb our hair (if we've got any)

Sharola and Nalini were not able to get in touch with you so they left town after doing the historic bus tour of Quincy, lots of interesting facts.

Nalini has returned to Raleigh, North Carolina.

Sharola is visiting Megs and Sam and Melissa (Reuben is running Bangalore birthday)

weather has become less hot with light rain, clouds, better for everyone because they say that several thousand people die prematurely due to heatwaves across Europe, a very serious matter to do with climate change. We're just not prepared for the heat. Here the railway lines start to bend, computers overheat, car fires, things begin to melt, no air conditioning. I'm assuming America is better prepared but i don't know?

As a result of this heat I'm growing tomatoes on my laboratory window sill, first crop is nearly ready to be eaten. should be tasty with salad  
variety = "Tumbling Tom Cherry Red"

Are you growing vegetables this year?

I used to grow runner (climbing) beans but had a bad crop in 2023, all eaten by slugs, snails started off several plants but all eaten (not by me).

that's the news  
write back soon  
lov & best Darren

Subject: Sharola & Nalini

To: Ramola D <ramolad@hushmail.com>

Dear Ramola

Yes Sharola and Nalini made a long trip to come and see you for tea or dinner.

We all know your hospitality with afternoon tea, cakes and cookies for visitors. If they call again, pls invite them in and let them stay, otherwise they have to stay in a horrible hotel on the highway. we've all been trying to contact you but difficult to contact, keep in touch. If the phone rings pls answer so that we know you are well, otherwise everyone worries about you.

Your Dad would esp love to hear from you regularly, recent birthday celebrations in Bangalore organised by bro Reuben. Lots of people came to visit, all had good food, good times, cake. Ask Dad what his birthday wishes are?

Pls let us know all the news there, what's happening in Quincy, BOS?

How is the house, any repairs need doing?

Garden - what's growing?

Weather?

lov & best, Darren

This is a question for Sharola and Nalini: Did you both come by recently and leave bags at the door with badly written notes wherein your handwriting doesn't look like your handwriting and your voice calling my name doesn't sound like your voice?

And if it was you, on Friday afternoon and on Saturday morning and evening and apparently on Sunday as well, what exactly did you mean when one of you said "We have to get her credit card"?

Why would you have to get my credit card?

What is your purpose in ambushing me in this fashion, without advance CONVERSATION with me wherein I would speak with you and let you know what I thought? Why would you both ambush me in this fashion? It is absurd. You would do this to NO ONE ELSE. You would act normal and speak to people and you would not land up anywhere without an invitation.

Considering that several members of our family have been CLONED, it is entirely possible you have been too.

In any case, I am not opening my door or speaking or making contact to 2 people in my family who have attacked me in 2013, refused to respond to my emails, and refused to address the basic issue of my journalism which is intimately connected to this question of "Mental Illness" which is a lie. If Sharola still believes Psychiatry is anything but Drug-Dealing and Crime, then she hasn't woken up yet. The entire construct of Western Medicine--which is the construct of Medicine everywhere--is built on positing the Doctor as Authority. We cannot accept Doctors as Authority when they peddle false doctrine. Psychiatry is false doctrine.

Psychiatry is being used POLITICALLY by Police to attack and disappear people, they are using DOCTORS to help them do so. Sharola being a Doc licensed in Massachusetts makes her dangerous. She cannot come here and say crap about me needing to be "taken out of my house" and "given a schizophrenia diagnosis" as she did in 2023. She needs to recognize my journalism--which is exposing the SPECTRUM WEAPONS BEING USED TO MIMIC SYMPTOMS OF WHAT PSYCHIATRISTS HAVE SET UP AS SYMPTOMS OF MENTAL ILLNESS and exposing the ACOUSTIC AND AUDIO TECHNOLOGIES AND VIDEO AND HOLOGRAM TECHNOLOGIES being used by the CIA-DMH-DOD to DECEIVE PEOPLE INTO BELIEVING THIS TECH IS NOT BEING USED FOR PROJECTION OF VOICES, SOUNDS, IMAGES, HOLOGRAM, VIDEOS.

Sharola needs to write a long letter to me apologizing for what transpired in 2013, and fully explaining her part in it--how did she get involved in the first place? She needs to explain to me her relationship with Shubha. And why did she call Nalini over and why did Nalini behave like she thought she had a right to go along with SD and pressurize me and Paul into making that visit to Shubha's office? And she needs to wait till I have a CONVERSATION with her on this subject. She cannot jump on another plane and come here and try to guilt me into opening the door. Until she heals the rift she has caused here, there can be no relationship. I obviously cannot trust someone who makes alliances with a psychiatrist friend who wrote crap on my medical record, which means I GET NO MEDICAL HEALTHCARE anymore, from any hospital or doctor--that's how it works. They read that "medical record" and start treating you like a loon and DO NOT GIVE YOU ANTIBIOTICS, X-RAYS, anything. I was able to get my ring taken off my ring finger in 2017 at an ER only because my entire hand was physically inflamed and an Orthopedics Intern worked on it--he was a real doctor, not the assholes who listen to psychiatrists. ALL the succeeding visits to doctors were met ONLY with "YOU MUST BE MENTAL" and we will ignore your blood tests which show a high white blood cell count and simply write you down as Delusional, Acutely Delusional, Paranoid--because we are working with POLICE to do so. MENTAL LABELS are needed in their system to disappear people into WEAPONS-TESTING AND BRAIN-GRAB EXPERIMENTATION FOR AI and ROBOTICS. Do you get it? I am a writer and journalist who has been disappeared into CIA-DARPA projects which permit ISRAEL and CHINA and RUSSIA and MIT and Tufts and Brigham and Women's and Harvard ALSO to run BRAIN-EXPERIMENTS on me--this is what I am exposing

and working hard to end. It needs exposure and continuous journalism, It also needs people inside the DHS, FBI, DOD to wake the hell up and stop this crime spree on us. If you've seen the chem trails you will also know this involves that--large scale regional experiments have been conducted and they are able to dumb people's brains down using magnetic nano particles, nano graphene and 5G and pulsed radiation. Indians need to stop it too. These experiments have to be STOPPED. The entire human species is at risk.

In any case, please follow my journalism and read others online addressing these subjects.

Mental Health and Psychiatry are Crime Zones--they are disappearing people for BRAIN EXPERIMENTATION. There is NO SUCH THING as mental illness. Psychs hand out Brain-Killing drugs and that's how it works. Everyone you know given a "diagnosis" has been targeted. Symptoms of depression can be evoked with Non Lethal Weapons. Dementia is being evoked COMPLETELY with Non Lethal weapons. Ditto Alzheimer's, Parkinson's, ALS, and what they are calling Fibromyalgia, and Diabetic Neuropathy. YES they are creating patients for both Psychiatry and for other Medical Departments. Humans would be extremely healthy if wifi and wifi weapons were not being used on us, along with chem trails.

In any case, please see: [Notice to Family: No Doctor Sister Nor MPH Cousin nor Any One Else Is Permitted to Visit Currently Without My Actual Spoken & Written Invitation | The Everyday Concerned Citizen](#)

I don't know if the people who came here are Sharola and Nalini or women who are either clones or lookalikes or shapeshifters--this species as doctors probably know, exists.

But I am using my BRAIN here and not letting strangers and uninvited cousins and sisters in, particularly women who want to "get (my) credit card."

Thanks--Ramola
